

Dear President Rudd ,

"Hi my name is Victoria Robinson(a BCF member) I am 10 years old. I attend L.V. Moore school and I'm going into 5th grade.

This summer I had the chance to work with my dad at 2 camp sites the one I attend now and a different camp site.

We talked to the kids about the Bessie Coleman Foundation and the essay.

I went to Washington D.C at the Air and Space Museum with my best friend Chelsea Anderson.

My dad, Chelsea, and I saw one of the men that walked on the moon.

We went inside a 747 and it was huge! My dad and I encourage the kids to write the essay and poem.

BCF Member Victoria Robinson
